The Journey Of My Updation

In start, I was working on one Laptop only

then I have shifted on Desktop System

than my speed was so increased that one Desktop System is not getting enough for me, so I have to buy the 2nd Separate Desktop System for me.

...than after few years, for updating myself more, I have brought one Galaxy 10.1 inch Tablet (with Pen/Stylus) & 1 Wacom Drawing Tablet for my sketches

This was the picture of my workplace till September 2018. Rest everything was written in the picture.

Latest Update

(Picture taken on November 2018)

This is my latest Workplace Systems. This whole wooden look-a-like console, we have made in our office for more productivity. Interior Designing is also my area of interest
Right now i`m working on 2 desktop systems, 1 Wacom Drawing Tablet & 1 Galaxy Note Tablet for Drawing & Sketching Work.

Did You Noticed

(in previous pictures) that one mouse was kept in the left side

WHY?

.....the reason is

When my designing speed was increased & decided to installed one more system for me, so that I can separate my only internet usage in left system & only designing work in right system (without internet connection) with bluetooth connectivity in both the systems for transferring the file. Many days I have faced a problem with 2 mice, operating with one right hand only, so its a big confusion everytime. so one day I found the solution.....

.....and kept the Left System`s Mouse in left side & start operating with left hand. I have practiced it for a month & control my mind in such a way so that I can operate both the mice with my both the hands simultaneously. This practice was just to maintained my speed. So now I`m very much comfortable like this & a big time Multitasking Man.

It's Time To Go Home

In 1999 after completing all my studies from Hyderabad (City), I returned home to a very remote place called "Ghodadongri - District Betul, MP"

What To Do Further

Thus faced the big question? What next?

He Gave Me An Idea!

Sensing my interest in being an entrepreneur, my father gave me an idea "you are a good artist, and it's your childhood hobby & passion, so you could design & make Safety Posters for Coal Mines & for other Industries, as there is a good scope in this field"

Let's Do It

That got me going and in February 1999 I launched my company "Safe-Era"

Sketching....

2 / 3 months I worked hard sketching Safety posters to get prepared. I was still not satisfied with the outcomes!

Still Not Satisfied, But One Day....

Suddenly one day, while watching a show on TV, "India`s Most Wanted" (a reality show in crime), the idea struck my mind, and laid the theme for my safety posters: -"Actual Fatal Accidents in Mines, utilizing data from published reports.

10 Posters Ready..

By October 1999, I had prepared 10 poster designs, that were ready to print

My First Efforts Took Real Shape...

After one month my printed posters arrived and I was so happy to see my drawings taking shape :-)

Time For Marketing

I prepared myself & got ready for my very first marketing tour - November 1999

My First Order..

After 15 days, I was back to my home with orders of an amazing 3 hundred thousand rupees!

Time For Delivery...

Now it's time to deliver the orders in hand. So, I started packing the posters & dispatched them on-time. A truly joyful experience!

Hard Earned Money

A dream come true, as like every businessman, when the payments for the first project arrive, (in March 2000 year)

New Idea

Feeling encouraged, I got ready with some new ideas to implement in business & develop new products

Same Routine...

For next 3/4 years, this was the same business cycle I followed to run my company "Safe-Era"!

Our Big New House...

Moving with my parents, our new house was very big, so I opened my first "Home Office" in one room, year 2001.

My First Car

In 2001, I purchased my first car with my own hard-earned money. It was "Tata Sierra"

My Company 1st Office

In 2002, I have opened my company's first rented office in "Chandrapur" in Maharashtra, India. (where my father got transferred)

My Target City

...I felt "Chandrapur" city would be a rather small market to support my dreams, so it was time for a move to a bigger city.

Planning the Move

After 10 Months I decided to shift to a big city "Nagpur" 160 km away from Chandrapur. .

City Change

In 13th April, 2003, I packed my bags, took my car & shifted to Nagpur city, where I rented a small apartment for my stay

Home Office

One room of the apartment served as my "Home Office Studio" there.

Again Search Begins

.... In due course, I decided to set up a rented office in Nagpur city with some staff.

My 2nd New Office

In Dec-2003, I took the possession of my new 180 sq ft Rented office. Later-on in 2006 I purchased this office & become the proud owner.

Settled-Down

After few months, my work continued to expand and recruited some more employees.

Walking Customers

As I was sitting in market place, I added Printing & Graphics Designing works to my portfolio for customers.

My Fixed Target

But my focus customers continued to be the Big Manufacturing Plants & my main Target Products was "Safety Posters"

Hired More Employees

So after few months in 2004, I hired some more staff for my office, viz:- 1 for tele calling, 1 for administration work & 1 for marketing work.

Employee In Delhi

Then in 2004 Dec, I hired 1 marketing executive in Delhi also, to promote my products there in North side of India.

Big Loss

The Delhi office did not prove to be profitable, but from that loss I gained lot of experiences & explored my Product.

Exploring New Customers

Then I ventured into the complex Govt. Tender Bidding System. I bid for any city in India, no matter how far it was & secured many tenders with good experience.

Marriage

Upon turning 30, in September 2005 I got married.

Father Retired

In November 2005, my father also retired from his Coal Mines Job, and I encouraged him to move to Nagpur

Our Family Home

In 2006 January onwards, we acquired a 3000 sq. ft. plot in Nagpur City & built the family home.

Same Business Routine

For many years, I followed the same business routine; and executed many Govt. & Pvt. Tenders at pan India locations...

Good Experience

From Industrial Sector, I gained a variety of experiences like :- Complete Administrations work, Tour management, Leadership, Installations...etc

Proud Father

In 2008, August, I become a proud father of a son.

My New Car

Finally in 2015, I invested in my new dream car.

Sad News

In 2016, November, my Father passed away due to long illness.

Long Story Short

After seeing many ups & down in life, now I have finally decided to switch the country and permanently move to Canada and explore a new career there.

23 Years of Experience

After spending more than 2 decades in business career, I feel enriched and have learnt many new skills by my own experiences, which may not be possible if I was not an entrepreneur.

बिटिया की शादी

नामपुर इलाहाबाद से दूर ग्राम वातावरण में रिवत फार्म हाउस सुदाबरी सोमवार रात मांजी परिवारों के बाग में तब्दील हो गया था। जमनावती रौशनी में जहाया साटा प्राणम मांजी सुरभि और अफित को परिणय-सूत्र में बंधने के लिये आतुर था।

सोमवार रात्रि को जब दूल्हे राजा अफित गाने-बाने के साथ बारात लेकट अपनी राजकुमारी को ब्याहने आए, तो लगा जैसे परिवारों की कहानी से निकलकट कोई राजकुमार वाकई में सफेद घोड़े पर सवार होकट आ गया हो।

सने-घने बाराती, जाचते गाने दोस्त, घेहरे पर खुशी लिए मज्जी-पापा और भाई को दुल्हा बने देख इलाती बहनें, राजसी बारात के साथी बने हुए थे। जैसे ही बारात सुदाबरी के परिसर में पहुंची, स्वागत के लिए साटे बराती इला पर इक्पुल हो गये। सही भी है, बेटी की रिज्मेदाटी सबकी सांसी होती है। इललिए बारात के स्वागत के लिए साटे ही लौण उल्लुक थे। 'आज मेरे वार की शादी है' गाने पर बाराती तो जाच ही टहे थे, घोड़े पर सवार दुल्हा भी अपने आपको टोक नहीं पाया और लुम उल।

Chaak & Maira

Every event and ceremony was extravagantly celebrated here. So for the Singh family it is a time of great joy. Be it the food, venue or entertainment, all arrangements were taken care of, to make it memorable for a lifetime. With traditions being followed to the hilt, various rituals like Maira, Chaak, korath, etc were held through out the day. On Monday, celebrations kicked off with Maira ceremony at Sun N Sand. Performed with gaiety and galore, it was again a grand affair. Her uncles gifted clothes and jewellery to the bride and her

parents and other family members. Relatives of the bride also attended the ceremony which was followed by Chaak ritual.

Undoubtedly, the big fat three day celebrations for the guests was a delightful affair. Conducted as per Rajasthani traditions, various ceremonies took place during the day. Leaving no stone unturned the entire family made special efforts for their beloved daughter. "Surbhi is our beloved daughter so her wedding has to be special. All the grand celebrations, with all the Rajasthani rituals being followed as we wanted each and every ritual to be followed with precision," shares visibly happy father Subhash Singh.
